Managerial Accounting Answer Key+www.dougnkem

1) Managerial Accounting: Firms internal accounting system and designed to support the information needs of managers in order to make decisions. Not bound by GAAP. Not bound by GAAP. a) Managerial accounting has 3 objectives: i) To provide information for planning organization actions ii) To provide information for controlling organization actions.

A less-expensive grayscale paperback version is available. Search for ISBN 9781680922936. Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a reliable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.
