The new edition of an essential reference book for everyone who works in aviation.

Every year thousands of private pilots buy an Aeronautical Information Manual with the intention of studying it. Studying the AIM is difficult because of the layout of the book. Elite Aviation Solutions professional pilot staff has created an easy to use AIM study guide with only the private pilot in mind. Private pilots no longer have to waste time going through the AIM trying to determine what to study. This study guide was created to make a private pilots study time much more productive. Apply Elite Aviation Solutions Aviation Study Made Easy System and understand the AIM better than you ever have. The study guide contains over 1,500 questions with answers and over 150 images to assist private pilots in taking their pilot knowledge to an elite level. Be the most knowledgeable pilot at the airport.

All the information you need to operate safely in U.S. airspace.

All the Information You Need to Operate Safely in US Airspace, Fully Updated If you're an aviator or aviation enthusiast, you cannot be caught with an out-of-date edition of the FAR/AIM. In the newest edition of the FAR/AIM, all regulations, procedures, and illustrations are brought up to date to reflect current federal regulations and FAA data, policies, and advisories. This handy reference book is an indispensable resource for members of the aviation community, as well as for aspiring pilots looking to get a solid background in the rules, requirements, and procedures of flight. Not only does this manual present current FAA information, it also includes: A guide for specific pilot training certifications and ratings A pilot/controller glossary Standard instrument procedures Parachute operations Airworthiness standards for aircraft and parts Flight and pilot school information Important FAA contact details This is the most complete guide to the rules of aviation available anywhere. Don't take off without the FAR/AIM!

Federal Aviation Administration Aeronautical Information Manual(AIM) Official guide to basic flight information and Air Traffic Control procedures. August 26, 2012.(Chartbundle rev A)
