Brahma (Sanskrit: ???????, IAST: Brahm?) is the creator god in Hinduism. He is also known as Svayambhu (self-born), V?g??a (Lord of Speech), and the creator of the four Vedas, one from each of his mouths.Brahma is consort of Saraswati and he is the father (creator) of Four Kumaras, Narada, Daksha, Marichi and many more. Brahma is synonymous with the Vedic god Prajapati, he is ...

Brahma - Wikipedia
Brahma, one of the major gods of Hinduism from about 500 bce to 500 ce, who was gradually eclipsed by Vishnu, Shiva, and the great Goddess (in her multiple aspects). Associated with the Vedic creator god Prajapati, whose identity he assumed, Brahma was born from a golden egg and created the earth and all things on it.

Brahma | Hindu god | Britannica
Brahma is the Hindu creator god. He is also known as the Grandfather and as a later equivalent of Prajapati, the primeval first god. In early Hindu sources such as the Mahabharata, Brahma is supreme in the triad of great Hindu gods which includes Shiva and Vishnu.

Brahma - Ancient History Encyclopedia
Brahma is the creator of the universe and of all beings, as depicted in the Hindu cosmology. The Vedas, the oldest and the holiest of Hindu scriptures, are attributed to Brahma, and thus Brahma is regarded as the father of dharma. He is not to be confused with Brahman which is a general term for the Supreme Being or Almighty God.

Who Is Lord Brahma, the God of Creation in Hinduism
Brahma is the first god in the Hindu triumvirate, or trimurti. The triumvirate consists of three gods who are responsible for the creation, upkeep and destruction of the world. The other two gods...

Symbolically, Brahma and Saraswathi signify many things. Brahma is the creative will, and Saraswathi is the intelligence (buddhi) that executes the will of Brahma. Together they constitute the human consciousness. Secondly, Brahma is the Vedas personified and Saraswathi is the vibration hidden in the mantras as the sound (Vac).

Gods of Hinduism - Brahma, the Creator
Brahma is the source, the seed and the creator of all beings in this world. At the time of creation, he emerged as the first differentiated consciousness (the first ego) from the primal waters (universal consciousness). He is called svayambhu because in reality none created him. He created himself.

Chicken Breed Information - Brahma - Brahmas are gentle giants with feathered legs and feet and profuse, fluffy feathering. Originally from India, these birds were bred for meat production, though the hens lay relatively decently and are great setters and mothers. This fancy breed of chicken makes a great pet for its quiet and tame nature, tolerance to the cold, huggability and sheer chic-ness!

Chicken Breeds - Brahma
Brahma chickens were admitted to the American Standard of Perfection in 1874. Buff (called Buff Columbian in Britain) followed in 1924. Light, Dark and Buff are the only colour varieties standardised. The American Standard continues to require less feathering than the British Standard but both require large / heavy birds. British Standards

noun Hinduism. Brahman 1 (def. 2). (in later Hinduism) "the Creator," the first member of the Trimurti, with Vishnu the Preserver and Shiva the Destroyer.

Brahma | Definition of Brahma at Dictionary.com
Brahma is the Hindu god of Creation. After being born from Vishnu, Brahma spread light across the universe and became the essence of the universe. He created it by imagining an image in his vision, but as he was ignorant the universe was created as an image of this. So he discarded this image and it became night who had children on its own: dark demons. Seeing that the demons were multiplying ...

a Hindu god: in later Hindu tradition, the Creator who, with Vishnu, the Preserver, and Shiva, the Destroyer, constitutes the triad known as the Trimurti 2. another name for Brahman (sense 2)

Brahma definition and meaning | Collins English Dictionary
Brahma (Hinduism) Hindu god (deva) of creation and one of the Trimurti, the others being Vishnu and Shiva.

Brahma - Wiktionary
Brahmas arrived in the UK around 1840-1850. The name Brahma comes from the river Brahmaputra in India although the species was created in America from large feather legged birds known as Shanghais which were imported from China in the 1840s. These were crossed with Grey Chittagongs from India which produced the pea comb and beetle brow that we see in the Brahma today.

The Hindus consider Lord Brahma as the Creator of the Universe. Along with Lord Vishnu and Lord Shiva, he forms the Holy Trinity. As creation is the work of the mind and the intellect, Lord Brahma symbolises the Universal Mind. From the standpoint of an individual, he symbolises one's own mind and intellect. However, Lord Brahma has lost his claim to being a supreme deity. Today, there is no cult or sect that exclusively worships him, but there are a few temples dedicated to him. There are many myths around his origin and powers; his life reverberates with symbolism which needs to be understood. This beautifully-illustrated book explores all these aspects and serves as an excellent introduction to the Father of the gods, humans and demons.

According to Hindu mythology, Brahma has a lifespan of 100 years. That may appear way short for a god of Brahma's standing . (He is the creator of our solar system.) But Brahma and Hindu gods do not follow our traditional 24-hour clock. They represent time in cosmic units of yugas and kalpas. If you don't understand any of these terms, that's ok. A kalpa, for instance, is defined as a day of Brahma and translates to 4.32 billion human years. In fact Brahma has a lifespan of 311 trillion years! We explain these colossal timescales, as we introduce Brahma in this book. You will learn that Brahma initially was the supreme deity of Hinduism, but he could not hang on to his position for long. A judgmental lapse is said to have caused his downfall. With Brahma's descent, Vishnu rose to power. Today, in the Hindu pantheon, Vishnu is a prominent god, and has a following of more than 700 million devotees, who are occasionally identified by the U-shared marks on their foreheads. With a focus on Vishnu and Brahma, we continue our journey beyond the Vedic era. We begin by examining a popular creation myth in which Brahma emerges from the navel of a sleeping Vishnu and starts crafting the world. Further on, we explore the churning of the milky ocean, a crucial event in Hindu mythology and one of the rare occasions when gods and demons collaborated (instead of fighting) to search for the nectar of immortality. Many precious things—and surprises—came out this quest, including Lakshmi, the goddess of wealth and consort of Vishnu. We also get to know a critical insight into our ancestry. According to Hinduism, we are all related and descendants of Manu, the father of human race. While this book focuses on Brahma and Vishnu, there will be occasional detours when we pause to look at art and architecture. In particular, we'll look at Angkor Wat, the largest Hindu temple in the world. Guess what? The fact that Angkor Wat is located outside India has dented Hindu pride from time immemorial. We'll also peek at ancient paintings from a mythological perspective, especially the unique genre of miniature paintings called ragamala that combines art, music, and poetry. A remarkable shift in worship took place during this period. Bhakti became a major form of worship and pervaded Hindu society forever. If you are unfamiliar with bhakti, then nothing exemplifies bhakti (devotion) more than the dancing-and-chanting Hare Krishnas.

Scientists have only recently learned that the particles of an oxygen atom vibrate in a major key and that blades of grass 'sing." Europe's foremost jazz producer takes the reader on an exhilarating journey through Asia, Europe, Africa, and Latin America, exploring the musical traditions of diverse cultures and reaffirming what the ancients have always known--the world is sound, rhythm, and vibration. Berendt's book is alive with his experiences--living in Bali, studying at a Zen monastery in Kyoto, and encountering budding jazz stars in Indonesia, Japan, Europe, and the United States. Drawing from his friendships with composers and performers as well as his knowledge of new physics and Tantra, cybernetics, Sufism, and the works of Hermann Hesse, he reveals the importance of sound in shaping cultural and spiritual life worldwide. A tribute to the work of many of the greatest figures of our age--including Hans Kayser, Jean Gebser, Sufi Hazrat lnayat Khan, musicians John Coltrane and Ravi Shankar--Berendt's book suggests that hearing, rather than seeing, is the key to a more spiritual experience of consciousness. His discussion of sound in relation to mathematics, logic, sacred geometry, myth, and sexuality is practical as well as theoretical, offering readers a variety of techniques for developing the ear as an organ of spiritual perception.

A commentary on B?daraya?a's Brahmas?tra.

This book is basically for every human being on earth to know about the relationship between the God Almighty (the Supreme Soul) and we human beings who came on earth as deities, hence the need of two-in-one biographies have been written simultaneously. This is the authors thesis, which has been written for the information of all. It is not a compulsion or forcing anyone to adopt to this but to make them realize of the reality that cannot be known without the help of the God Almighty, who is our spiritual godfather. This is an effort by the author to bring forth the true information about God Almighty, which has remained hidden for the past eighty-two years, and now it is time to bring it to the fore.

For Hindus, Brahma is the God who creates the world and the world he creates is known as Brahmanda. This Brahmanda makes our very existence possible and yet, one rarely comes across a temple that's dedicated to Brahma. For Hindus, there are also certain things, certain occurrences, and phenomena that are considered more sacred than others. But who decides what is sacred? Is it the creator? Or are these rules a result of the creator's creation? Read on as Devdutt Pattanaik, the master of mythology, explores Brahma's role in Hindu mythology in Brahma: the Creator.

Brahma Vaivartha Purana observes Bhagwan Krishna as the supreme Parabrahma. Brahma Vaivartha Purana is considered by many scholars as the source of things Krishna and equivalent to Bhagavatha Purana in its supremacy. Brahma Vaivartha Purana is structured as follows: Brahma Khanda Prakrithi Khanda Ganapathi Khanda Sri Krishna Janana Khanda Brahma Khanda is the first part of Brahma Vaivartha Purana covers Sri Krishna delegating the responsibilities of Srishti to Brahma and Narayana, Bhagwan Brahma's creation, and Narada's life history. Brahma Vaivartha Purana establishes Bhagwan Krishna as Supreme Personality. Brahma Khanda is the 1?? part of Brahma Vaivartha Purana and details Sri Krishna delegating the responsibilities of Srishti to Brahma and Narayana, Bhagwan Brahma's creation, and Narada's life history

ANCIENT INDIA'S HINDU ORIGIN The reprimand of Lord Shiva by Brahma for harboring sexual feelings for his own daughter, Sandhya, led him to consult Daksha and his other sons about what to do. Due to his high status as a yogi and his lack of knowledge of women and passion, Shiva had little understanding of sexual feelings. Trying to make Shiva suffer from love's pangs, Brahma enlisted the help of Kama and Rati, his wife. The creation will continue to be mediocre unless Shiva indulges in sexual activity. Only Kama's power can triumph over Shiva, who is highly detached." Thus saying, Brahma requested the Kama to try his wiles on Lord Shiva. Vasanta was also created for the Kama to be his constant companion so that he could succeed in his adventures. "Kama, please try to enchant Shiva on behalf of the world. Shoot your arrows at Shiva wherever he goes to entice him to take a wife. Follow him wherever he goes, whether over mountains, through forests, or on peaks. You are the only person who can make this happen. He dislikes women and is in complete control of his own actions." With these words of the Creator in his ears, Kama, accompanied by Vasanta and the gentle breeze of Maharashtra, departed for the harsh mountains, caves, and dales in which Shiva roamed. As the seasons changed, Kama's journey continued. There was no longer a cold wind blowing against the icy peaks of the Himalayas. Instead, it was swept by a gentle Malaya breeze, fragrant with the scent of a thousand flowers. Amid all the blossoming trees, Shiva was immersed in atomic bliss, not beguiled by the beauty. Kama's sugarcane bow sent arrow after arrow flying. Rati and he both tried every trick in the book. Shiva was immune to their charm, but all living things succumbed to theirs. All living things except him were affected. Brahma returned dejectedly to the Kama after his ego had been crushed.
