With kind and humble intent thou reprovest me, dearest brother, for having wished by hiding myself to fly from the burdens of pastoral care; as to which, lest to some they should appear light, I express with my pen in the book before you all my own estimate of their heaviness, in order both that he who is free from them may not unwarily seek them, and that he who has so sought them may tremble for having got them. This book is divided into four separate heads of argument, that it may approach the reader's mind by allegations arranged in order—by certain steps, as it were. For, as the necessity of things requires, we must especially consider after what manner every one should come to supreme rule; and, duly arriving at it, after what manner he should live; and, living well, after what manner he should teach; and, teaching aright, with how great consideration every day he should become aware of his own infirmity; lest either humility fly from the approach, or life be at variance with the arrival, or teaching be wanting to the life, or presumption unduly exalt the teaching.

a foreword by Robert Barron and an afterword by James Martin, SJ. “ The joy of the gospel fills the hearts and lives of all who encounter Jesus... In this Exhortation I wish to encourage the Christian faithful to embark upon a new chapter of evangelization marked by this joy, while pointing out new paths for the Church ’ s journey in years to come. ” – Pope Francis This special edition of Pope Francis's popular message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he emphasizes the importance of service to God and all his creation. Advocating for “ the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned, ” the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis demonstrates how to develop a more personal relationship with Jesus Christ, “ to recognize the traces of God ’ s Spirit in events great and small. ” Profound in its insight, yet warm and accessible in its tone, *The Joy of the Gospel* is a call to action to live a life motivated by divine love and, in turn, to experience heaven on earth. Includes a foreword by Robert Barron, author of *Catholicism: A Journey to the Heart of the Faith* and James Martin, SJ, author of *Jesus: A Pilgrimage*

A pioneering study which uses liberation theology to develop a socially and politically committed pastoral care

Robert Barron is one of the Catholic Church's premier theologians and author of the influential *The Priority of Christ*. In this volume, Barron sets forth a thoroughgoing vision for an evangelical catholic theology that is steeped in the tradition and engaged with the contemporary world. Striking a balance between academic rigor and accessibility, the book covers issues of perennial interest in the twenty-first-century church: who God is, how to rightly worship him, and how his followers engage contemporary culture. Topics include the doctrine of God, Catholic theology, philosophy, liturgy, and evangelizing the culture. This work will be of special interest to readers concerned about the so-called "new atheism."

After traveling the globe and speaking to thousands of churches worldwide, Paul David Tripp has discovered a serious problem within pastoral culture. He is not only concerned about the spiritual life of the pastor, but also with the very community of people that trains him, calls him, relates to him, and restores him if necessary. *Dangerous Calling* reveals the truth that the culture surrounding our pastors is spiritually unhealthy—an environment that actively undermines the wellbeing and efficacy of our church leaders and thus the entire church body. Here is a book that both diagnoses and offers cures for issues that impact every member and church leader, and gives solid strategies for fighting the all-important war that rages in our churches today.

*Ways of the World* is one of the most successful and innovative textbooks for world history. A systematic theory of naturalism, bridging metaphysics and the science of complexity and emergence.

Focusing on pastoral leadership within local churches or groups of churches, Derek Tidball provides a comprehensive survey of the variety of ministry models and patterns found in the New Testament with applications for today's ministry.

Pastoral Rule, written around 590 A.D. by Pope Gregory I , outlines the role of the clergy. It was immensely influential, and Byzantine Emperor Maurice ordered that it be translated into Greek and given to every bishop.
