For two and a half thousand years, from 1500 BC to AD 1000, a culture as significant as the classical civilisation of the Mediterranean world settled an immense area in northern Europe that stretched from Iceland to the Black Sea. But the sources of our knowledge about these societies are relatively few, leaving the gods of the North shrouded in mystery.

Dictionary Of Northern Mythology. Written by Rudolf Simek (trans. Angela Hall) Review by Sarah Bower. This English translation of Simek's comprehensive work was first published in 1984 but has been updated and repackaged for this edition. The title is misleading as the dictionary covers the full range of Germanic as well as Scandinavian mythology, including that of the Angles and Saxons.

Europe--spanning from Germany and Austria across Scandinavia to Iceland and England--include a broad range of mythical characters and places, from Odin and Thor, to berserkers and Valhalla, to the Valkyries and Krampus. In this encyclopedia, Claude Lecouteux explores the origins, connections, and tales behind many gods, goddesses, magical beings, rituals, folk customs, and mythical places of Norse and Germanic tradition. More than a reference to the Aesir and the Vanir pantheons, this encyclopedia draws upon a wealth of well-known and rare sources, such as the Poetic Edda, the Saga of

Ynglingar by Snorri Sturluson, and The Deeds of the Danes by Saxo Grammaticus. Beyond the famous and infamous Norse gods and goddesses, Lecouteux also provides information on lesser-known figures from ancient Germanic pagan tradition such as the Elf King, the Lorelei, the Perchten, land spirits, fairies, dwarves, trolls, goblins, bogeymen, giants, and many other beings who roam the wild, as well as lengthy articles on well-known figures and events such as Siegfried (Sigurd in Norse) and Ragnarök. The author describes the worship of the elements and trees, details many magical rituals, and shares wild

Read Online Dictionary Of Northern Mythology By Rudolf Simek

folktales from ancient Europe, such as the strange adventure of Peter Schlemihl and the tale of the Cursed Huntsman. He also dispels the false beliefs that have arisen from the Nazi hijacking of Germanic mythology and from its longtime suppression by Christianity. Complete with rare illustrations and information from obscure sources appearing for the first time in English, this detailed reference work represents an excellent resource for scholars and those seeking to reconnect to their pagan pasts and restore the old religion.

Read Online Dictionary Of Northern Mythology By Rudolf Simek

The pagan mythology of the Vikings offers a rich metaphor for consciousness. This book presents the cosmography of Norse mythology as a landscape of human inner life. Each of the nine worlds of this cosmography is viewed as a symbol of a distinct type of consciousness that is emblematic of a particular perspective or way of relating to others. Individual gods and goddesses are considered nuanced personifications of their worlds. The philosophy of pagan mythology is explored by comparing and contrasting the Sayings of Odin from the Norse Edda with the Christian Ten Commandments.

Read Online Dictionary Of Northern Mythology By Rudolf Simek

An illustrated dictionary of the gods, heroes, and legends of Northern and Eastern Europe, with genealogies of the gods

The nornir or norns were a group of female supernatural beings closely related to ideas about fate in Old Norse tradition. Karen Bek-Pedersen provides a thorough understanding of the role played by norns and other beings like them in the relevant sources. Although they are well known, even to people who have only a superficial knowledge of Old Norse mythology, this is the first detailed

Read Online Dictionary Of Northern Mythology By Rudolf Simek

discussion of the norns to be published amongst the literature dealing with Old Norse beliefs. Surprisingly little has been written specifically about the norns. Although often mentioned in scholarship treating Old Norse culture, the norns are all too often dealt with in overly superficial ways. The research presented in this book goes much deeper in order to properly understand the nature and role of the norns in the Old Norse world view. The conclusions reached by the author overturn a number of stereotypical conceptions that have long dominated our understanding of these beings. The book has a

Read Online Dictionary Of Northern Mythology By Rudolf Simek

natural focus on Old Norse culture and is especially relevant to those interested in or studying Old Norse culture and tradition. However, comparative material from Celtic, Anglo-Saxon and Classical traditions is also employed and the book is therefore of interest also to those with a broader interest in European mythologies.

Norse Mythology, Poems, Religion, Asatru, Heathenism.
