In the same way that "The Indigo Children" was a phenomenon that was much talked-about, before the book came out and explained it, "Earth Angels" is a topic of much discussion among spiritually minded people world-wide. Four years ago, Doreen Virtue wrote an article on the topic, and then a chapter in her book, "Healing with the Angels," and then more information in "Healing with the Fairies." Since that time, Doreen has been flooded with letters from people who resonate with the idea, requesting more information. "Earth Angels" will be the first book devoted to the topic. Doreen will describe the five different types of lightworkers: Incarnated Angels (those who had previous lives as angels, but who are now here as humans); Incarnated Elementals (those whose previous lives were in the elemental kingdom, as fairies, elves, etc.); Starpeople (those who have lived the majority of their past lives on other planets); Walk-Ins (those who came from a high spiritual realm and walked-in to another person's life, as that soul gladly exited their body); and Reincarnated Sorcerers, Sorceresses, and Wizards (those whose most recent past life was during Arthurian or Atlantean times, when they practiced high magic). The book will include dozens of case studies; a fascinating analysis of an extensive survey that Doreen has conducted among people who identify with the five types of Earth Angels; and guidance to help readers to feel happier about their lives, their own idiosyncrasies, and their missions.

Since the publication of her best-selling book Earth Angels (more than 80,000 copies sold), Doreen Virtue presented workshops about these lightworkers to several international audiences, which yielded additional information about the various realms that these beings originate from. In addition to the "core realms" that Doreen discussed in the first book (Incarnated Angels, Incarnated Elementals, Star People, and Wise Ones), some new realms have been discovered. In Realms of the Earth Angels, Doreen discusses the original Earth Angels book, plus gives updated descriptions about the new realms, which include Mystic Angels (half-angel, half-wise one); Leprechauns (half-elemental, half-wise one); Merpeople; Knights; and more. As with the original book, you, the reader, can take an expanded quiz to help you recognize your own realm. Each realm has its own chapter, with Earth Angel characteristics, suggestions, advice, and case studies.

Counsels the selfless on how to assert their own wants and needs, instead of always trying to please everyone else, in order to be happier and more able to help others.

Assertiveness for Earth Angels is for anyone who wants to learn the art of speaking up in relationships and in their activism about issues related to the world. When Doreen Virtue visited Santorini Island in Greece recently, she was contacted by a powerful group of angels calling themselves the "angels of Atlantis." Doreen was then taken on an amazing spiritual adventure, where she uncovered the ancient secrets of the healing temples of the lost civilizations of Atlantis. Doreen found that her previous healing work with the angels, as well as the thousands of case studies of angelic healing that she'd amassed over the years, dovetailed perfectly with the messages from the angels of Atlantis. Part spiritual adventure story and part reference book, Angel Medicine is a three-part work that relates the exciting story of Doreen's recovery of memories of Atlantean healing methods along with messages from the Egyptian and Greek prophet and deity Hermes and the angels. The second and third parts of the book reveal the scientific studies, case studies, methods, and charts supporting the importance of love and light in healing. Whether you want to heal yourself or someone else, you're sure to gain additional faith and understanding from reading Angel Medicine.
