*A pioneer in economic sociology, Portes presents one of the best systematic efforts in the burgeoning attempt to bring sociological inquiry to economic studies. Though economic sociologists are more than likely to be already familiar with Portes's work, the author's emphasis on theory accumulation, or 'usable theory,' as proposed by Dietrich Rueschmeyer, makes this book exceptional. . . .

Economic Sociology: A Systematic Inquiry - Alejandro

Economic Sociology: A Systematic Inquiry. The sociological study of economic activity has witnessed a significant resurgence. Recent texts have chronicled economic sociology's nineteenth-century origins while pointing to the importance of context and power in economic life, yet the field lacks a clear understanding of the role that concepts at different levels of abstraction play in its organization.

Economic Sociology: A Systematic Inquiry on JSTOR

Economic Sociology fills this critical gap by surveying the current state of the field while advancing a framework for further theoretical development. Alejandro Portes examines economic sociology's principal assumptions, key explanatory concepts, and selected research sites.
