For coaching to be effective, at the first session, it is important that this session is led by the coach and is used for the coach to set the scene and :

- Agree with the coachee explicitly on how the coaching will be delivered, the expectations for both parties (a brief discussion should suffice), an understanding of what the coachee wants to achieve from coaching (long, medium, short term goals, priority areas)
- ensure that any administrative processes are clear and answering any ...

Boost productivity by making the switch from “boss” to COACH! Effective managers know their job is to help employees succeed, not to give them orders. They create relationships that build collaboration and meaningful performance improvement. These managers know that when they facilitate the success of their team members, they facilitate their own success. Effective Coaching teaches you practices you can use immediately to engender employee commitment and help employees gain the skills necessary to sustain and grow any type of organization. You'll learn: The attributes of a successful coach How to set up an effective coaching session How to use coaching to correct unproductive behavior How to use coaching to be a better trainer Briefcase Books, written specifically for today's busy manager, feature eye-catching icons, checklists, and sidebars to guide managers step-by-step through everyday workplace situations. Look for these innovative design features to help you navigate through each page:

- Clear definitions of key terms and concepts
- Tactics and strategies for coaching employees
- Tricks of the trade for executing effective coaching techniques
- Practical advice for minimizing the possibility of error
- Warning signs for when things are about to go wrong
- Examples of successful workplace coaching
- Specific planning procedures, tactics, and hands-on techniques

Research proves that employees will work harder and produce more when they feel appreciated, valued, and understood.
