Unit 11: Economics and Finance in Construction and Civil ...

If you want to succeed in finance, you need to know economics well. Economics is more about finding the equilibrium point of demand & supply, understanding average cost and marginal cost, finding differences between fixed cost & variable cost and many such theoretical concepts; finance, on the other hand, is the right extension of these concepts. Thus, it ' s often been seen that people who have made their mark in finance have often had an economics background.
