While there are people who seem to be naturally endowed with more leadership abilities than others, anyone can learn to become a leader by improving particular skills. History is full of people who, while having no previous leadership experience, have stepped to the fore in crises and persuaded others to follow their suggested course of action.

Leadership: What Is It?

A leader is made, not born. Nobody becomes a leader only through learning as provided by Management courses. They need to experience certain situations – both pleasant and unpleasant or challenging. When their learning is backed by personal experiences, it is like baptism by fire.

Making Of A Leader - hr.siliconindia.com

Performance psychologist Tom Young has worked closely with teams and individuals at the highest level of professional sport. He has seen how leaders in these high-pressure environments communicate, how they handle pressure, maintain focus and respond to challenges. The Making of a Leader shares the practical principles of sustained elite performance and shows how any individual can add value to their own business or organisation by applying these insights.

The Making Of A Leader | Cognite

In this public persona, Nazi propagandists cast Hitler as a soldier at the ready, as a father figure, and ultimately as a messianic leader brought to redeem Germany. Modern techniques of propaganda—including strong images and simple messages—helped propel the Austrian-born Hitler from a little known extremist to a leading candidate in the 1932 German presidential elections.

Making a Leader | The Holocaust Encyclopedia

In order to become a great leader, you have to understand your own attributes and limitations. Seeking continuous self-improvement means that you will be strengthening your own skill set and ensure that you have the right skills to be an effective leader.
