Right from its formal introduction in India in 1835, through Thomas B. Macaulay 's Minute, English has been intrinsically linked with the employment prospects of Indians. During their regime, the British promoted English education to fulfil the requirement of English-knowing Indians for administrative purposes. Owing to globalization, the last few years have witnessed the opening up of thousands of lucrative job opportunities for graduates proficient in English. English has gained importance in India as the language of opportunities. In colonial India, English education was a passport to government jobs, while in the twenty-first century, proficiency in English is essential for private sector jobs. This book examines the development of curricula in English in Indian universities vis-a-vis the needs of second language learners studying in Special English programmes of Bachelor of Arts (BA). It also reflects on how globalization has strengthened the connection between English and employment.

"A powerful book on caste, a subject that has dramatic importance not only for the history of democracy in modern India, but for the general discussion on the interferences of social inequalities and cultural exclusions. The Caste Question goes beyond the usual antitheses of localism and globalism, and illustrates a decisive notion of intensive universality."—Etienne Balibar "A sustained and probing analysis of the modern history of caste in Western India, connecting issues of gender, personhood, property, and politics to facts of oppression and inequality. This is the most politically and theoretically engaged book on caste to have come out in a long time."—Dipesh Chakrabarty, author of *Habitations of Modernity* "A profound reflection, at once historically rich and theoretically nuanced, on the nature of political modernity itself."—John Comaroff, co-author (with Jean Comaroff) of *Of Revelation and Revolution* "Rao is entirely convincing in this brilliant and audacious re-evaluation of political modernity in India through the perspective of anti-caste struggles."—Mrinalini Sinha, author of *Specters of Mother India: The Global Re-Structuring of an Empire*
