With his infectious love of storytelling in all its forms, his rich characterization and his unrivaled grasp of thrillingly bizarre cutting-edge science, Hannu Rajaniemi swiftly set a new benchmark for Science Fiction in the 21st century. Now, with his third novel, he completes the tale of the many lives, and minds, of gentleman rogue Jean de Flambeur. Influenced as much by the fin de siècle novels of Maurice leBlanc as he is by the greats of SF, Rajaniemi weaves intricate, warm capers through dazzling science, extraordinary visions of a wild future, and deep conjectures on the nature of reality and story. In *The Causal Angel* we will discover the ultimate fates of Jean, his employer Miele, the independently minded ship *Perhonen*, and the rest of a fractured and diverse humanity flung throughout the solar system.
