Trent's Last Case was, in his words, "the finest detective story of modern times." Quite a build-up, and I remember starting the novel with great excitement. It's a short book and I read it through quickly. The amateur detective, Philip Trent, investigates the English country house murder of an American business tycoon.

Trent's Last Case by E. C. Bentley (1913) On October 31, 2020 By Laurie In E. C. Bentley When Sir James Molloy, editor-in-chief of the Record learns that American financier Sigsbee Manderson has been found shot dead in the grounds of his English country house, he immediately asks Philip Trent to investigate.

Trent's Last Case (1913) is a detective novel by E.C. Bentley. Adapted three times for the cinema—including a 1952 feature film starring Michael Wilding, Orson Welles, and Margaret Lockwood—Trent's Last Case, which was titled The Woman in Black in the U.S., earned the acclaim of such writers as Dorothy L. Sayers, and was followed by a sequel and a collection of short stories involving its main character. When Sigsbee Manderson, a prominent American plutocrat, is murdered at his country estate in southwest England, Philip Trent, an amateur detective and freelance journalist, is hired to investigate the case. Aided by police, Trent begins his examination of the facts and evidence. Granted access to the body as well as the grounds of White Gables, Manderson's estate, Trent concludes his investigation with a series of interviews. Beginning with Manderson's wife, he uses his journalistic skill to collect information from the plutocrat's secretaries, servant, and maid, as well as Nathaniel Cupples, Mrs. Manderson's uncle and an old friend of Trent's. When the coroner's report is released, and in coordination with his own research, evidence suggests that Manderson was murdered due to some unknown business vendetta. There is reason to believe, however, that his death could have something to do with his troubled marriage, a possibility complicated by Trent's growing attraction to Mabel, his widow. Unable to reach a conclusion, Trent embarks for Latvia to work as a traveling correspondent, but no matter how much time or distance he places between himself and White Gables, the questions and the mystery remain. Trent's Last Case is a masterful detective novel by a writer whose reputation has unjustly faded over the past several decades. With a beautifully designed cover and professionally typeset manuscript, this edition of E.C. Bentley's Trent's Last Case is a classic of English detective fiction reimagined for modern readers.

It is a detective novel written by E. C. Bentley and first published in 1913. Its central character, the artist and amateur detective Philip Trent, reappeared subsequently in the novel Trent's Own Case (1936) and the short-story collection Trent Intervenes (1938)

The murder of a sadistic philanthropist sparks off an elaborate investigation led by Philip Trent, who had been painting the portrait of the victim. Two subsequent murders and the disappearance of an actress provide subsidiary mysteries in this inventive tale, which sees Trent in an elaborate maze created by ingenious criminal schemes.

Trent's Last Case THE WOMAN IN BLACK (Detective Novel) Trent's Last Case (Classic Detective Presents) Trent Last Case: The Woman In Black is a detective novel written by Edmund Clerihew Bentley and first published in 1913. Its central character reappeared subsequently in the novel Trent's Own Case (1936) and the short-story collection Trent Intervenes (1938).Trent's Last Case is actually the first novel in which gentleman sleuth Philip Trent appears. The novel is a whodunit with a place in detective fiction history because it is the first major sendup of that genre: Not only does Trent fall in love with one of the primary suspects—usually considered a no-no—he also, after painstakingly collecting all the evidence, draws all the wrong conclusions. Convinced that he has tracked down the murderer of a business tycoon who was shot in his mansion, he is told by the real perpetrator over dinner what mistakes in logical deduction he has made in trying to solve the case. On hearing what really happened, Trent vows that he will never again attempt to dabble in crime detection. Trent's Last Case THE WOMAN IN BLACK (Detective Novel) Trent's Last Case (Classic Detective Presents) Detective Philip Trent investigates the mysterious murder of a leading financier. Despite the title, Trent's Last Case is the first novel in which the gentleman sleuth Philip Trent appears. The novel is a whodunit with a place in detective fiction history because it is the first major sendup of that genre: Not only does Trent fall in love with one of the primary suspects—usually considered a no-no—he also, after painstakingly collecting all the evidence, draws all the wrong conclusions! This novel was much praised, numbering Dorothy L. Sayers among its admirers, and with its labyrinthine and mystifying plotting can be seen as the first truly modern mystery. It was adapted as a film in 1920, 1929, and 1952. The success of the work inspired him, after 23 years, to write a sequel, Trent's Own Case.
